Kevin Henderson gave the road report. Kevin reported that he is having a hard time finding something to replace the F150. The supervisors agreed for Kevin to have the F150 fixed so it passes inspection for another year until something comes up. Kevin found a sweeper in Erie for around \$20,000 and when it becomes available, he will let the Supervisors know.

Keith Girting gave the fire report. It will be filed. The fire department is looking to replace their Air packs and received a bids for \$90,000 for 12. They going to cut back and go with a maximum of 9 or 10, which will be between \$60,000-\$70,000. Keith was looking to see if there are any available funds in the fire tax funds, Act 13 or ARP funds. Keith suggested the supervisors wait to speak with Ashley Carr to determine what funds this should be paid from.

Dave Sutton from SR168 was present to report repeated semi-automatic gun fire the Beagle Club last weekend that started around 9 am Saturday until dark and from 8:30 am Sunday until 7:30 pm. He did contact the police department on Sunday and was told that it was private property and they can do what they want, Dave didn't agree with that and said it was disturbing the peace. Chief Petrich explained that the police department has to look at the laws that are in place and determine whether there is a violation of the law and if there isn't a violation then it could turn into interrupting someone's second amendment rights which could cause other issues. Dave would like to know who the people are, if it is the property owner or if the people are even citizens of South Beaver. John Onuska suggested that if it happens again to call the complaint in, but there wasn't much that could be done with their only being two complaints over a three-year time span.

A discussion was held and the Supervisors did not want to go with Keystone's quote and would prefer to rip out the four settled slabs to make sure it is fixed correctly. Kevin and the Road department will patch to reduce the tripping hazard so the board can get quotes in the spring to have the slabs replaced.

In order to obtain grants the police department needed an official government document that shows the year that the police department was created, all of the files were searched and nothing was found.
